# Landfill Readiness Questions

Directions:

Answer the questions below and discuss your responses with your team members.

1. What types of items belong in a landfill? Give three examples of things you throw away that belong here.

2. What types of items are recyclable? Give three examples of recyclable items that you use every day.

3. How does an item that you throw away at school get to either the landfill or the recycling center? Why might items sometimes go to the wrong place?
