## LAB 1H: Our Time Response Sheet

Directions: Record your responses to the lab questions in the spaces provided.

**We've come a long way**

**First steps first.**

**timeuse\_format specifics**

**Exploring your data**

- **How many observations and variables are there?**

- **What are the names of the variables?**

- **Which row represents YOUR *typical day*?**

**How do we spend our time?**

- **State and answer two investigative questions based on our *research question*.**

***Response Sheet***

- Also, state one way in which your personal data is *typical* and one way that it *differs* from the rest of the class.
  
  
  
  
  
  
  
  
  
  
- Justify your answers by using appropriate statistical graphics and summary tables.
  
  
  
  
  
  
  
  
  
  
- If you subset your data, explain why and how it benefited your analysis.
